

BUGATTI

REGULATORY PROJECT COORDINATOR (M/F/D) — BG-VK/P

Contract : CDD (replacement)
Duration : 01.03.25 - 30.06.25
Location : Molsheim, France

REQUIREMENTS

- Master 1 or Master 2 in the field of international business/supply chain, law or similar
- Familiarity with international regulations applicable to companies
- Work experience in the industrial or automotive domain

SKILLS

- Project management skills with experience managing multiple projects simultaneously
- Written and verbal communication skills, with the ability to explain complex regulatory requirements to both technical and non-technical teams
- Fluent in French and English

TASKS

- Track regulatory changes and updates that could impact product development or market entry.
- Prepare and maintain detailed documentation for product certification, including testing reports, regulatory filings, and correspondence with relevant authorities.
- Create and manage project timelines and deliverables to ensure adherence to regulatory schedules.
- Collaborate with engineering, quality, legal, and environmental teams to ensure regulatory requirements are met for automotive products.
- Coordinate regulatory compliance projects from initiation to completion
